

# Corporate Overview

The Purlieu Solutions Group of companies promises innovative services that will provide professional, competent and value-added expertise in global receivables, contact center and business development strategies.

## Business Focus

- Receivables management recovery services
- Hosting "Software as a Service" recovery applications
- Contact center services
- Consulting services to facilitate new global business and partnering opportunities

**Company:** Purlieu Solutions Group (PSG) is a privately held corporation headquartered in the Atlanta, Georgia area—USA. It also has offices and operations in Savannah, GA and Asia.

As the diagram above depicts, PSG has two primary subsidiaries:

1. **Purlieu Solutions Services (PSS)**  
The US based business services group helps clients manage their receivables lifecycle through either hosted or outsourced services.
2. **Purlieu Solutions International (PSI)**  
As the name implies, all non-US business is handled through the PSI subsidiary. This includes all business partnerships, alliances and contact center partnerships.

PSG's experienced team has many years of expertise in:

- Receivables management services and best practices
- Contact center implementations
- Technology innovation
- Global business development
- Delinquent debt purchasing
- Offshore services

## RevPortal™ Services

When it comes time to recover your hard earned delinquent receivables, PSG gives you the option to recover it yourself with our innovative web-based hosted application or utilize PSG's recovery agents and proven expertise to make the calls for you. You get to decide whether to use one or both of these innovative services.

## Contact Center Services

The PSS contact center in Savannah, GA has a 200 seat capacity and is available for rental of the seats, PCs and telecommunications infrastructure. PSG can also hire and train new agents for you per your specifications.

## Technology

Whether for PSG's own use or for its hosted services, PSG is dedicated, funded and experienced in the implementation and full utilization of technology. The application and computing platforms are robust, secure and scalable to handle the unique needs and volumes of the collections business.

## Best Practices

The team at PSG has decades of quality training and experience in setting up, managing and enhancing proper training and operational processes. This underlying foundation of experience and commitment to quality is what keeps clients continuing to use one or many of the PSG services year in and year out.

## Strategic Advantages

- Global experience
- Diverse set of services
- Technologically competent
- Proven history of results
- Innovative, creative and opportunistic company and people
